No new information.

3. OT-320. Salary increments and campus budgeting priorities.

This item was referred to the USC Finance, Budget, and Benefits Committee.

4. OT-327. University Strategic Framework. Approved by the Board of Trustees 5/19/16.

No new information.

5. OT-330. Approval and Consultation Processes with the University Senates Conference and the Senates.

This item was referred to the USC Statutes and Governance Committee.

6. OT-331. University of Illinois Investment, Performance, and Accountability Commitment (IPAC) – formerly U of I 2021 Initiative.

No new information.

7. OT-332. Levels of University Review.

Internal approval processes are often multi-level and time-consuming, resulting in a cumbersome system. Some are internal to the campuses; others occur between the campuses and upper levels of review. As we try to address procurement rules and other external constraints, are there ways to streamline our own operations in order to alleviate unnecessary burdens?

8. OT-333. Travel and Expense Management (TEM) System.

Of particular note concerning cumbersome approval processes is the OBFS TEM System. Purportedly it is taking over 30 days for reimbursements to employees, even for those using their own grant money. The system was supposed to necessitate fewer employees in OBFS to handle travel and expense reimbursements (often by moving more of the responsibility down to the unit level), yet the reason for the delay in reimbursements is supposedly due to fewer employees in this area. Other faculty have raised concerns about the growing requirements for justification, and resultant rejection of justified reimbursements. Is it time to look into

fixing this system? This item has been referred to the Finance, Budget and Benefits Committee.

9. OT-334. Shared Governance – Increasing Efficiency.

While, hopefully, the value of shared governance is not disputed, are there ways to increase efficiency and ensure that the processes of shared governance are also happening in a timely and responsive manner? This item has been referred to the Statutes and Governance Committee.

10. OT-335. Differentiating Shared Governance Responsibilities from Union Responsibilities.

The University of Illinois has a system of shared governance through the senates and other faculty groups, with some of the processes embedded in the University *Statutes* and other governing documents. It is of course the decision of the faculty whether to unionize. For the two entities to coexist there should be a clear line of which responsibilities devolve to which group. Typically, for example, the shared governance process would deal with academic issues and the union process, through negotiation, would deal with salary and benefits. How can we ensure that these appropriate spheres of responsibility are respected in both directions? This item has been referred to the Statutes and Governance Committee.

11. OT-338. USC Statement on Faculty/Staff Salary and Benefits. Transmitted to President and Vice President for Academic Affairs 12/7/16.
