NONDISCRIMINATION STATEMENT

The commitment of the University of Illinois to the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that decisions involving students and employees be based on merit and be free from invidious discrimination in all its forms.

The University of Illinois will not engage in discrimination or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, marital status, genetic information, disability, sexual orientation including gender identity, unfavorable discharge from the military or status as a protected veteran and will comply with all federal and state nondiscrimination, equal opportunity and affirmative action laws, orders and regulations. This nondiscrimination policy applies to admissions, employment, access to and treatment in University programs and activities. University complaint and grievance procedures provide employees and students with the means for the resolution of complaints that allege a violation of this Statement. Members of the public should direct their inquiries or complaints to the appropriate equal opportunity office.

UNIVERSITY OF ILLINOIS STATUTES

The regulations of the Board of Trustees for the guidance of the staff of the University were called Bylaws until 1901, when the term Statutes was applied. In 1908, the board adopted a revision of the Statutes which was much more comprehensive than anything that preceded it; from 1908 to 1931, separate articles were amended and new articles were added, but no general consideration was given to the regulations as a whole. During the period of 1931 to 1934, the board adopted certain statutes relating particularly to the educational and administrative organization of the University. In 1935, the Board of Trustees appointed a committee of its members to consider the Statutes, including various administrative regulations, which had been adopted from time to time, as a whole, and to present a revised code. This compilation was approved by the Board of Trustees on March 10, 1936, as the University of Illinois Statutes, and all previous editions were declared to be superseded.

On January 16, 1957, the Board of Trustees adopted a revised version of the Statutes, upon recommendation of the University Senate and the President of the University. Preliminary to this formal action, a special committee of the Board of Trustees worked with a committee of the University Senate in preparing the final draft.

Preliminary drafts of the present Statutes were prepared cooperatively by committees of the three senates and administrative officers. The final draft, adopted on May 17, 1972, by the Board of Trustees upon recommendation of the senates, the University Senates Conference, and the President of the University superseded all previous versions and editions of all corresponding Statutes. This edition contains all amendments approved since May 17, 1972.

In 2014, a thorough review of the Statutes was undertaken to revise and clarify provisions that were out of date or out of consistency with changed university practice.

PREAMBLE

The University of Illinois, as a state university, is subject to the control of the Illinois General Assembly. The General Assembly, subject to the limitations of the state constitution and to such self-imposed restraints as are essential to the maintenance of a free and distinguished University, exercises control by virtue of its authority to change the laws pertaining to the University and its power to appropriate funds for the maintenance and improvement of the University. Under existing state law the University of Illinois is a public corporation, the formal corporate name of which is “The Board of Trustees of the University of Illinois.”

Within the limits fixed by the Illinois constitution and laws, the Board of Trustees exercises final authority over the University. For the proper use of funds appropriated by the General Assembly and for the proper administration and government of the University, the board is responsible to the people of Illinois, on whose behalf its members are appointed. The board is the governing body of the University and exercises jurisdiction in all matters except those for which it has delegated authority to the president, other officers, or bodies of the University.

The educational policy, organization, and governance of the University as delegated by the Board of Trustees are promulgated in these Statutes. When acting on such matters, the board relies upon the advice of the university senates transmitted to it by the President of the University. In these matters each senate has a legitimate concern which justifies its participation in the enactment and amendment of the Statutes. The Board of Trustees reserves the power to initiate and make changes in the Statutes, but before making any change it will seek the advice of the senates.

The General Rules Concerning University Organization and Procedure document supplements the Statutes. The General Rules are subordinate to the Statutes and deal with administrative organization, with the powers, duties, and responsibilities of officers of the University, and with various administrative matters.

The Board of Trustees delegates to the President of the University the authority to promulgate regulations and rules implementing The General Rules Concerning University Organization and Procedure. These are printed in the Business and Financial Policies and Procedures manual and other documents subordinate to the Statutes and The General Rules setting forth established policies and procedures.
ARTICLE I. UNIVERSITY ADMINISTRATION

Section 1. Functions of the Board of Trustees

Note: This change comes from the Board of Trustees.

The Board of Trustees is appointed by the governor of Illinois and bears the ultimate responsibility to the people of the State. It approves university policies but leaves the execution of those policies to its administrative agents, acting under its general supervision. It is the responsibility of the board to secure the needed revenues for the University and to determine the ways in which university funds shall be applied.

Section 2. The President of the University

Rationale: The symbolic provision that makes the President a member of every department, etc, is an anachronism. The current view of the Presidency is that he/she is more an external representative and leader of the overall institution than a micro-manager of campus affairs. We specified the importance of a search committee process in hiring the President. We put the campus Chancellor in the loop in the process of granting degrees.

The president is the chief executive officer of the University and a member of the faculty of each college, school, institute, division, and academic unit therein. The president shall be elected-appointed by the Board of Trustees, after consultation with a committee appointed for the purpose of recommending appropriate candidates. The president's term of office shall be at the pleasure of the board. The president shall attend the meetings of the board and participate in its deliberations; may act with freedom within the lines of general policy approved by the board; shall prepare the annual budgets for presentation to the board; and shall recommend to the board suitable persons for positions in the University, including appointments to appropriate administrative positions, other than academic, which are not provided for in the Statutes. In case of exigencies, it is within the proper jurisdiction of the president to make appointments so that the work of the University shall not be interrupted, but such appointments shall be subject to confirmation by the board. The president is responsible for the enforcement of the rules and regulations of the University; shall make such recommendations to the board and to the senates as the president may deem desirable for the proper conduct and development of the University; and shall issue diplomas conferring degrees, but only on the recommendation of the appropriate senate and by authority of the Board of Trustees. The president may designate the administrative officer(s) who shall exercise the functions of the president during the absence of the president from duty, which designation(s) shall be subject to change by the Board of Trustees.

Rationale: The Statutes establish the principle that the advice of the senate may be sought upon reappointment of the campus chancellor, and that the University Senates Conference may also give its advice upon the reappointment of the University officers. As the University Senates Conference is the advisory committee for the president, it is appropriate that the advice of this body also be sought upon the president's reappointment.
Section 3. The University Officers

The university officers are identified in The General Rules Concerning University Organization and Procedure. Prior to recommending to the Board of Trustees the initial appointment or reappointment of any university officer, except the president and the chancellor/vice president, the president shall seek the advice of the University Senates Conference. Prior to the reappointment of the president, the Board of Trustees shall seek the advice of the University Senates Conference. On the occasion of the reappointment of any university officer, the University Senates Conference may submit its advice if it so elects.

Section 4. Other University Administrative Officers

There may be additional administrative officers with university-wide responsibilities and duties as delegated by the President of the University. The president may make changes in titles and assignment of responsibilities of these officers and may recommend to the Board of Trustees additional administrative positions as provided for in Section 2 of this Article.

Rationale: the added final sentence is intended to clarify what the “vice president” part of the chancellor’s title means.

Section 5. Chancellors and Vice Presidents

There shall be a chancellor at each campus of the University who shall also be a vice president of the University (chancellor/vice president). The chancellor/vice president, under the direction of the president, shall serve as the chief executive officer for the campus. The chancellor/vice president shall perform such duties as may be delegated and assigned by the president and may be consistent with the Statutes of the University, The General Rules, and actions of the Board of Trustees. As university officers, the chancellors/vice presidents have responsibility for advising the president and working with each other to advance the well-being of the entire university as well as their own individual campuses.

The chancellor/vice president shall be appointed annually by the Board of Trustees on the recommendation of the president. On the occasion of the appointment or reappointment of a new-chancellor/vice president, the president shall have the advice of a committee selected by the senate of the campus concerned. On the occasion of a reappointment, the president shall have the advice of a committee selected by the senate of the campus concerned. On the occasion of a reappointment, the senate may submit its advice if it so elects.

Section 6. The General Rules Concerning University Organization and Procedure

The General Rules supplement the Statutes. The General Rules are subordinate to the Statutes and deal with administrative organization, with the powers, duties, and responsibilities of officers of the University, and with university employment policies, property, and other
matters. — The General Rules are adopted by the Board of Trustees acting on the advice of the President of the University. — The board reserves the right to make changes in The General Rules after consultation with the president. — Before providing such advice or consultation, the president shall consult with the University Senates Conference, with due regard for the provisions of Article XII, Section 5. — However, consultation with the conference is not required when because of exceptional circumstances a proposed action of the Board of Trustees would authorize a deviation from The General Rules for a specific transaction.

ARTICLE II. LEGISLATIVE ORGANIZATION

Rationale: this revision provides more information about the mission and role of the senates. Section (e) is revised to reflect the actual practices of educational policy review. The procedure for honorary degrees is being revised under a separate process, and will be considered separately.

Section 1. Campus Senates

a. A senate shall be constituted at each campus of the University. The senate is the elected representative of the faculty in shared governance discussions across the full range of university concerns. It is the authorized partner to engage administration in planning, in policy, in implementation, and in collaborative problem-solving on matters pertinent to the well-being of the campus and its members. The basic structure of a senate, including its composition, shall be provided for in its constitution. — The constitution and any amendments thereto shall take effect upon adoption by the senate concerned and approval thereof by the Board of Trustees.

b. Each senate may exercise legislative functions in matters of educational policy affecting the University as a whole or its own campus only. — No such senate action shall take effect until it has been submitted to the University Senates Conference as provided in Article II, Section 2, and either approved by the Board of Trustees itself or approved in a manner agreed to by the board.

c. Except as otherwise provided in these Statutes, each senate shall determine for its campus matters of educational policy including but not limited to: — requirements for admission to the several colleges, schools and other teaching divisions; general requirements for degrees and certificates; relations among colleges, schools and other teaching divisions; the academic calendar; and educational policy on student affairs. — Neither the powers conferred on the senates by this paragraph (c) nor the powers conferred by Article II, Section 1b shall extend to matters over which the college is given jurisdiction by Article III, Section 2c.

d. Each senate shall recommend candidates for honorary degrees and shall determine for its campus the manner in which the faculty shall recommend to the chancellor/vice president candidates for earned degrees, diplomas, and certificates to be conferred by the president under the authority of the Board of Trustees.
e. No new line of work involving questions of changes to general educational policy shall be established on any campus except upon approval of the senate concerned and except as elsewhere provided in these Statutes.

f. Each senate may propose amendments to these Statutes through the University Senates Conference to the president and the Board of Trustees as provided in Article XIII, Section 8.

g. Each senate shall adopt bylaws which, shall govern except as otherwise provided in these Statutes, shall govern its procedures and practices, including such matters as committee structure and duties, calling of meetings and establishment of agenda, and selection of officers. The bylaws of each senate shall provide for committees or other bodies to exercise those statutory duties specified in other sections of these Statutes, e.g., academic freedom and tenure, student discipline, and student affairs.—The bylaws and any changes thereto shall be reported to the Board of Trustees through the chancellor/vice president and the president.

Section 2. University Senates Conference

a. Organization

(1) The University Senates Conference shall be made up of twenty members. The basic representation shall be two members from each senate. Additional members shall be apportioned to each senate, at least one from each senate, in numbers proportional to the number of faculty members on each campus. The apportionment shall be recalculated every five years. Each senate shall elect its own representatives from its membership.

Rationale: Changes to this section concern material more appropriate to the USC Bylaws than to the Statutes, and so were removed from this document.

(2) Senators whose senatorial terms expire before their conference terms expire shall complete their conference terms. Any faculty senator or faculty senator-elect shall be eligible for election to the conference. The term of office shall be three years beginning on the first day of the next academic year following the election. Approximately one-third of the conference members from each senate shall be elected annually.

(3) A quorum for conference meetings shall consist of a simple majority of the total membership of the conference. If a quorum cannot be obtained otherwise, the conference members from a senate may designate as many as two alternates from the faculty members of their own senate to serve at a specific meeting.

(4) The conference officers shall be a chair and a vice chair, who shall not be from the same senate and who shall be elected for one-year terms by and from the conference and shall not be from the same senate. The chair shall not be from the same senate in two consecutive years.

(5) The executive committee of the conference shall consist of two members from each senate: the conference chair, the conference vice chair, and four additional members
elected annually by and from the conference. The conference may authorize the executive committee to act on behalf of the conference between scheduled meetings.

b. Functions.

The University Senates Conference shall review all matters acted upon by each senate. The conference shall determine whether senate actions requiring implementation or further consideration by officials or other groups within the University have been referred to the appropriate officials or groups. The conference itself may make any original or additional referral it deems advisable, and may append its comments and recommendations. Should the conference find a matter acted upon by one of the senates to be of concern to another senate, it shall refer the matter and the action to that senate. If two or more senates have acted differently on a subject, the conference shall attempt to promote agreement or consistency. Where agreement or consistency cannot be effected within a reasonable period of time, the conference shall transmit the related actions of the senates together with its own recommendations to the appropriate officials or groups within the University and shall simultaneously notify the clerk or secretary of each senate of its action. Any senate may record and transmit its further comments to the same addressees and to the conference.

The University Senates Conference shall assist the senates to communicate with one another, with University and campus administrative officials, and with the Board of Trustees (through the president), and may develop and implement procedures to enhance such communication.

c. The conference may act and may authorize its executive committee to act as an advisory group to the Board of Trustees (through the president), the president, other administrative officials, and the several senates on matters of university-wide concern. It shall be a special concern of the conference executive committee to aid in maintaining harmonious relations among such officers and the units of the University.
Rationale: The current definition of “faculty” includes only tenure-track faculty members, which excludes non-tenure-track faculty members from those who are “the responsible body in the teaching, research, and scholarly activities of the University” and thus those who have “inherent interests and rights in academic policy and governance.” The Statutes specify that the bylaws of a unit may extend specified privileges to unit colleagues who are not on the tenure track, implying but not specifying that the exercise of such privileges is limited to the academic unit.

This revision explicitly includes non-tenure-track faculty members in the body of employees who enjoy rights related to academic policy and governance, while maintaining the distinction between the rights and privileges of tenure-track faculty and of non-tenure-track faculty. It specifies that the privileges that units may grant to non-tenure-track faculty members may be exercised only within the unit. It also revises the term “rank or title” to refer only to rank, given that there is no University-wide standard or control for the use of courtesy titles.

Section 3. Faculty Roles in Governance

a. (1) The tenure-track faculty is, in academic matters, the primary governing body of the University, and it has a fundamental interest in all issues of university policy. The tenure-track faculty consists of those members of the academic staff in any academic unit, except for the Graduate College, with the rank of professor, associate professor, or assistant professor who are tenured or receiving probationary credit toward tenure. The faculty of the University and any of its units except for the Graduate College consists of those members of the academic staff with the rank or title in that unit of professor, associate professor, or assistant professor who are tenured or receiving probationary credit toward tenure, and those administrators in the direct line of responsibility for academic affairs (persons who hold the title director or dean in an academic unit, provost or equivalent officer, chancellor/vice president and president). Administrative staff members not in the direct line of responsibility for academic affairs are members of the faculty included only if they also hold tenure-track faculty appointments. The bylaws of any academic unit may further mandate a minimum percent faculty appointment in that unit for specified faculty privileges, such as voting privileges.

(2) Non-tenure-track faculty provide specialized contributions to the teaching and research of the University. They include members of the academic staff of the unit or of other units who have the rank of professor, associate professor, or assistant professor modified by the terms “research,” “teaching,” “adjunct,” “clinical,” “visiting” and/or “emeritus” (e.g., “research professor,” “adjunct assistant professor,” “clinical associate professor,” “visiting professor”), or the titles “instructor” or “lecturer.”

(3) The bylaws of any academic unit may grant specified unit governance privileges to selected faculty of other units, and may mandate a minimum percent faculty appointment in that unit for specified governance privileges, such as voting privileges. The bylaws of any academic unit may also grant specified unit governance privileges to non-tenure-track faculty (as defined by Section 3a (2) above). Voting on these provisions of the bylaws is limited to those tenure-track faculty named in subsection (1) above. At the campus level, the Senate constitution and bylaws may grant specified governance privileges to non-tenure-track faculty (as defined by Section 3a (2) above), subject to the approval of the Senate. The bylaws of
a unit may grant specified faculty privileges to selected faculty of other units. The bylaws may also grant specified faculty privileges to members of the academic staff of the unit or of other units who are not included in subsection 1 above (i.e., neither tenured nor receiving probationary credit toward tenure), and who have the rank or title of professor, associate professor, assistant professor, instructor, or lecturer. The bylaws may also grant specified faculty privileges to members of the academic staff of the unit or of other units who are not included in subsection 1 above (i.e., neither tenured nor receiving probationary credit toward tenure), and who have the rank or title of professor, associate professor, assistant professor, instructor, or lecturer modified by the terms “research,” “adjunct,” “clinical,” “visiting” and/or “emeritus” (e.g., “research professor,” “adjunct assistant professor,” “clinical associate professor,” “visiting professor”). Only academic staff with titles listed above may be extended faculty privileges. Voting on these provisions of the bylaws is limited to those named in subsection (1) above.

b. As the responsible body in the teaching, research, and scholarly activities of the University, the faculty, both tenure-track and non-tenure-track, have inherent interests and rights in academic policy and governance; however, these interests and rights are not identical, and the status of tenure-track faculty grants them a distinct governance role. Each college or other academic unit shall be governed in its internal administration by its tenure-track faculty, as defined in Section 3a (1) above, with additional unit governance privileges for non-tenure-track faculty as may be explicitly provided under Section 3a (3) above. Governance of each academic unit shall be based on unit bylaws established and amended by the tenure-track faculty of that unit, which may include specific unit governance privileges designated in the bylaws for non-tenure-track faculty. The bylaws shall provide for the administrative organization and procedure of the unit, including the composition and tenure of executive or advisory committees. Except that they may not conflict with these Statutes, or other specific actions of the Board of Trustees, or with the bylaws of a unit which encompasses it, the details of the bylaws are left to the faculty of the unit.

Rationale: This section was revised to reflect the current functions of the Faculty Advisory Committees (FACs) on the campuses where they are active. It was also reorganized in order to explain all aspects of the FAC’s function first, and then to describe its operation. Finally, details about the precise composition of the committee on each campus were deleted, to allow the campuses to set their own policies, except for two general provisions: that the FAC not include those holding administrative posts (the definition of such having been refined to specify those who are likely to be in a supervisory position over potential grievants); and that no more than two members of the FAC may belong to the same college.

Section 4. Faculty Advisory Committee

At each campus the faculty shall elect a Faculty Advisory Committee, which shall provide a means for the orderly voicing of grievances or related concerns about the governance and procedures of academic or administrative campus units. A member of the academic staff or a retired member shall be entitled to a conference with the committee or with any member of it on any matter properly within the purview of the committee. Academic employees who are members of the Professional Advisory Committee electorate shall use the procedures outlined in Section 5 of Article II. In addition, the committee may make confidential reports on personnel matters at the request of the provost, the chancellor/vice-president, or the president. In
performing these functions, the committee shall make such investigations and hold such
consultations as it may deem to be in the best interest of the campus.

The committee may also make recommendations for changes to campus policies based on
these investigations and deliberations. Faculty advice and recommendations on University
governance are traditionally provided to the administration through standing and ad hoc
committees and representation in the senate. In addition, at each campus the faculty shall elect a
Faculty Advisory Committee. The committee shall consist of nine faculty members on the
Chicago and Urbana-Champaign campuses, three of whom shall be elected each year. The
committee shall consist of seven faculty members on the Springfield campus, two of whom shall
be elected each year and the seventh every third year. The three-year terms will commence on
the first day of the academic year following the election.
Each campus senate shall determine eligibility for membership on the Faculty Advisory Committee for its campus from among the members of the Faculty Advisory Committee electorate, except that those who hold administrative appointments at the level of department chair/head or above shall not be eligible for membership, excluding those who hold administrative appointments. Any eligible person may be nominated as a committee member by a petition signed by three members of the electorate and filed with the clerk or secretary of the senate. The deadline for filing shall be set by each campus senate. The clerk or secretary of the senate shall conduct the election as soon as possible thereafter. The eligible nominees for the number of seats to be filled receiving the highest number of votes shall be declared elected. If vacancies arise between regular elections, the eligible nominee with the next highest number of votes at the most recent election shall be declared a member of the committee. In the absence of any such nominee willing and able to serve, the vacancy shall be filled at the next regular election.

No more than two members of the committee may hold paid appointments in the same college or in the same unit organized independently of a college.

The committee shall elect its own chair at its first meeting of each academic year. The committee shall adopt its rules of procedure, copies whereof shall be sent to all members of the academic staff (as defined in Article IX, Sections 4a and 3c) and to the chancellor/vice president and the president. The committee shall make such reports to the chancellor/vice president, the president, the senate, and the faculty as it deems appropriate at least once a year.

The committee shall report on its activities and recommendations to the senate and the faculty as it deems appropriate, but at least once a year. These reports shall maintain the confidentiality of individual personnel cases, but may describe the broad nature of cases presented to it. The committee shall provide for the orderly voicing of suggestions for the good of the University, afford added recourse for the consideration of grievances, and furnish a channel for direct and concerted communication between the academic staff (as defined in Article IX, Sections 4a and 3c) and the administrative officers of the University, its colleges, schools, institutes, divisions, and other administrative units on matters of interest or concern to the academic staff (as defined in Article IX, Sections 4a and 3c) or any member of it. Academic staff members who are members of the Professional Advisory Committee electorate shall use the procedures outlined in Section 5 of Article II.

In performing its functions, the committee upon the request of the chancellor/vice president, the president, or any member of the academic staff (as defined in Article IX, Sections 4a and 3c), or upon its own initiative shall make such investigations and hold such consultations as it may deem to be in the best interest of the University. A member of the academic staff (as defined in Article IX, Sections 4a and 3c), or upon its own initiative shall make such investigations and hold such consultations as it may deem to be in the best interest of the University. A member of the academic staff (as defined in Article IX, Sections 4a and 3c) or a retired member shall be entitled to a conference with the committee or with any member of it on any matter properly within the purview of the committee.
Section 5. Professional Advisory Committee

At each campus, the academic professional staff whose appointments as academic professionals require at least 50 percent (50%) of full-time service shall elect a professional advisory committee. The academic professional staff consists of those staff members on academic appointment whose positions have been designated by the president and the chancellor/vice president as meeting specialized administrative, professional, or technical needs in accordance with Article IX, Sections 3a, 3c, and 4a.

Any member of the professional advisory committee electorate shall be eligible for membership. University-level administration staff shall be members of the electorate of the campus at which their principal office is located. Each chancellor/vice president (or the president in the case of university-level administration staff members) after consultation with the body may identify senior administrative officers to be excluded from the electorate.

consideration, but this shall not be interpreted to abridge the right of any member of the faculty
to present any matter to the faculty; (3) make reports on the work of the school; (4) have general
supervision of the work of students in the school; (5) be responsible for the educational use of
the buildings and rooms assigned to the school and for the general equipment of the school as

department may appeal for a ruling directly to the dean and the executive committee of the
college and, when the chancellor/vice president considers it proper, to the chancellor/vice
president, who shall make a decision after appropriate consultation.

c. A department may be organized either with a chair or with a head.

Rationale: Here and in other similar sections to follow the language has been modified to
highlight the chancellor/vice president’s responsibility for campus affairs, subject to the
authority of the president. Here, and in Article IV Section 3a, issues of the confidentiality of
the process are protected.

Section 2. Department Organized with a Chair
a. The chair shall be appointed annually by the Board of Trustees on recommendation of the chancellor/vice president and with the concurrence of the president after consultation with the dean of the college and with the executive committee of the department concerned. e. In each department organized with a chair, that officer shall be responsible for the formulation and execution of departmental policies and the execution of University and college policies insofar as they affect the department. The chair shall have power to act independently in such matters as are delegated to the chair by the executive committee. The chair shall (1) report on the teaching and research of the department; (2) have general oversight of the work of students in the department; (3) collaborate with the executive committee in the preparation of the budget and be responsible for the expenditure of departmental funds for the purposes approved by the executive committee; and (4) call and preside at meetings of the executive committee and at meetings of the department faculty of which there shall be not fewer than one in each academic year for consideration of questions of departmental governance and educational policy. The performance of the head shall be evaluated at least once every five years. As one component of this evaluation, views shall be solicited from the entire department faculty in such a way as to preserve confidentiality.

b. In each department organized with a head, the head in consultation with the advisory committee shall recommend individuals for academic appointment in the department. In consultation with the advisory committee or as specified in the department bylaws, the head may invite other persons who are not members of the department faculty to attend meetings of the department faculty, but such persons shall have no vote.

f. In each department organized with a head, there shall be an advisory committee elected annually by and from the faculty of the department by secret written ballot. The department faculty may choose to elect members of the advisory committee for staggered two- or three-year terms. In a department which has a faculty of not more than five members, the advisory committee shall consist of the entire faculty. In all other cases, the size of the advisory committee shall be determined by the faculty of the department. The functions of the committee shall be to provide for the orderly voicing of suggestions for the good of the department, to
recommend procedures and committees that will encourage faculty participation in formulating policy, and to perform such other tasks as may be assigned to it. Any faculty member shall be entitled to a conference with the committee or with any member of it on any matter properly within the purview of the committee. If the advisory committee is in session to evaluate the head’s performance, the head shall not be a member and the committee shall be chaired by a committee member elected by the committee for that purpose.

campus, college, school, department, or other unit will thereby be promoted. Appointments to
the academic staff of branch libraries established under this subsection and the advancement of
such staff will be recommended to the chancellor/vice president with the advice of the executive
officer(s) of the unit(s) served by such libraries.

recommendation of the chancellor/vice president with the concurrence of the President of the
University. On the occasion of each such appointment, the chancellor/vice president shall seek
the advice of the library committee of the campus senate and of the library executive committee.
The performance of the campus librarian shall be evaluated at least once every five years in a
manner to be determined by the faculty of the campus library and the library committee of the

iii. a school or college that is not an intermediate unit, that is not further divided into academic departments or similar units and that has been approved through these Article VIII procedures;—**then** formation of the proposed unit as, or conversion of the existing unit into, a unit that will provide a tenure home must be approved through the procedures in Article VIII, Section 3a through 3c, below, as applicable.

Any change in academic organization such as the termination, separation, transfer, merger, change in status (e.g., department to school), or renaming of an academic unit to which are made appointments of faculty with the rank or title of professor, associate professor, or assistant professor who are tenured or receiving probationary credit toward tenure must be approved through the procedures in Article VIII, Section 4, below.

*If* all members of a proposed or existing unit’s academic staff with the rank or title of professor, associate professor, or assistant professor who are tenured or receiving probationary credit toward tenure do have or will have an appointment in another unit that is described within items (i) through (iii), above, **then** formation or change of organization of the proposed or existing unit is not required to be approved through the procedures in Article VIII, Sections 3 and 4, below, but may be approved through the procedure in Section 5, below.
Section 3. Formation of New Units

a. Departments. The formation of a new department or similar academic unit within a school or college may be proposed by the faculty or executive officer of that school or college. The president shall submit the proposal for the new unit together with the advice of the faculty of the school or college of each higher unit, taken and recorded by a vote of the faculty by secret written ballot in accordance with the bylaws of that unit, of the appropriate senate, taken and recorded by a vote of the senate, of the appropriate chancellor/vice president, and of the University Senates Conference to the Board of Trustees for action.

b. Intermediate Units. An academic unit of intermediate character, such as a school organized within a college, may be proposed by the faculty or the executive officer of the higher unit. The president shall submit the proposal for the intermediate unit together with the advice of the higher unit, taken and recorded by a vote of the faculty by secret written ballot in accordance with the bylaws of that unit, of the appropriate senate, taken and recorded by a vote of the senate, of the appropriate chancellor/vice president, and of the University Senates Conference to the Board of Trustees for action.

c. Colleges and Independently Organized Campus Units. A college or other independently organized campus unit, such as a school, institute, center, or similar campus unit not within a school or college, may be proposed by the appropriate senate or chancellor/vice president. The president shall submit the proposal for the unit together with the advice of the appropriate senate, taken and recorded by a vote of the senate, of the appropriate chancellor/vice president, and of the University Senates Conference to the Board of Trustees for action.

d. Units Organized at the University Level. Units organized at the university level, such as institutes, councils, and divisions, may be formed for the development and operation of teaching, research, extension, and service programs which are statewide or intercampus in their scope and which cannot be developed under a campus administration. Such an organization may be proposed by a senate, a chancellor/vice president, the University Senates Conference, or the president. The president shall submit the proposal for the new organization together with the advice of the appropriate senates, taken and recorded by a vote of each such senate, of the appropriate chancellors/vice presidents, and of the University Senates Conference to the Board of Trustees for action.

e. Campuses. The formation of a new campus may be proposed by the president, by a senate, or by the University Senates Conference. The president shall submit the proposal for the new campus together with the advice of the senates, taken and recorded by a vote of each senate, of the chancellors/vice presidents, and of the University Senates Conference to the Board of Trustees for action. If the proposal is adopted, the University Senates Conference shall serve as an advisory body to the president in developing procedures to implement the action of the board.

Section 4. Changes in Existing Units

From time to time, circumstances will favor changes in academic organization such as the termination, separation, transfer, merger, change in status (e.g., department to school), or
renaming of the academic units specified in Section 1.---The procedures for the various changes shall be the same as those specified for formation of such a unit, except that the proposal may originate in the unit(s) or at any higher administrative level.---The advice of each unit involved shall be taken and recorded by vote of the faculty by secret written ballot in accordance with the bylaws of that unit.---For transfer, merger, separation, and change in status (e.g., department to school), the procedures shall be those applicable to the type of unit which would result.---Units affected may communicate with the Board of Trustees in accordance with Article XIII, Section 4, of these Statutes.

Section 5. Academic Units Not Requiring Board of Trustees Approval

Any proposal for creation or change in organization (such as termination, separation, transfer, merger, or change in status) of any unit engaged in academic activities the creation of which does not require Board of Trustees approval shall be referred to the executive committee of the campus senate for its information and advice prior to approval by the appropriate administrator.---If the unit is not organized within one campus of the University, the proposal shall be referred to the University Senates Conference rather than to a senate executive committee.---Academic staff appointments in such units may not be made to ranks subject to the provisions of Article X, Section 1, governing appointments for an indefinite term as defined in Article IX, Section 3c.

ARTICLE IX. ACADEMIC AND ADMINISTRATIVE STAFFS

Section 1. Criteria for Employment and Promotion

The basic criteria for employment and promotion of all university staff, whether or not subject to the act creating the University Civil Service System of Illinois, shall be appropriate qualifications for and performance of the specified duties.---The principles of equal employment opportunity are a part of the general policy of the University.---All federal and state laws related to employment and selection, as well as, the University Non-Discrimination Statement, must be followed when selecting candidates for employment and when selecting employees for promotional opportunities.---Unless otherwise provided by law, employees are to be selected and treated during employment without regard to political affiliation, relationship by blood or marriage, age, sex, race, creed, national origin, handicap, or status as a disabled veteran or veteran of the Vietnam era.

Section 2. Employment of Relatives

No individual shall initiate or knowingly participate in institutional decisions involving a direct benefit (initial employment, retention, promotion, salary, leave of absence, etc.) to a member of the individual’s immediate family.---“Immediate family” includes an individual’s spouse, civil union partner, ancestors and descendants, all descendants of the individual’s
grandparents, and the spouse, or civil union partner, of any of the foregoing. Each chancellor/vice president shall develop for the approval of the president campus procedures to insure against such conflict of interest.

Section (f) makes it a general policy for Board pre-approval of all faculty and administrative appointments before they begin service. Other changes to these sections are from HR.

Section 3. Appointments, Ranks, and Promotions of the Academic and Administrative Staff

a. All appointments, reappointments, and promotions of the academic staff, as defined in Article IX, Section 4a, shall be made by the Board of Trustees on the recommendation of the chancellor/vice president concerned and the president. All appointments, reappointments, and promotions of the administrative staff shall be made by the Board of Trustees on the recommendation of the chancellor/vice president concerned if a campus-level officer is involved and the president.

b. Appointments shall be made solely on the basis of the special fitness of the individual for the work demanded in the position and other university policies and guidelines regarding recruitment, selection and promotion.

c. The following ranks, and only these ranks, of the academic staff as defined in Article IX, Section 4a, are subject to the provisions of Article X, Section 1:—professor, associate professor, and assistant professor.—Modifying terms such as “research,” “adjunct,” “specialized,” “clinical,” and “visiting” may be used in conjunction with these academic ranks (e.g., “research professor,” “adjunct assistant professor,” “clinical associate professor,” “visiting professor”); but no appointment for an indefinite term may be made in which a modifying term is used in the academic rank. Furthermore, an appointment in which a modifier is used in the title will not count toward completion of the probationary period, as provided in Article X, Section 1, unless specially recommended by the executive officer of the unit and approved by the dean and by the chancellor/vice president or an officer authorized to act for the chancellor/vice president.

Other academic ranks recognized within the academic staff are:—(1) lecturer; (2) instructor; (3) teaching associate, research associate, and clinical associate; (4) teaching assistant, research assistant, and clinical assistant.

Appropriate academic rank, with the rights and privileges pertaining thereto, may be accorded members of the administrative staff.—This means that in addition to being members of the administrative staff selected administrative officers may also hold appointments with academic titles chosen from the ranks listed in the two preceding paragraphs.

Special classes of positions within the academic staff may be established to meet specialized professional or technical needs, in accordance with Article IX, Section 4a.

d. Recommendation to positions on the academic staff shall ordinarily originate with the department or in groups not organized as departments with the officers in charge of the work
concerned and shall be presented to the dean of the college for transmission with the dean’s recommendation to the chancellor/vice president. Whenever the appointment or promotion of members of the academic staff is involved, the dean before making a recommendation shall consult the chair or the head of the department after confirming that intra-departmental consultation procedures have been satisfied; if the college has no departments, the dean shall consult the executive committee of the college. If the appointment involves a person who may be expected to offer courses carrying graduate credit, the dean of the Graduate College, who shall have the right to make an independent recommendation to the chancellor/vice president, and to the president.

e. In determining appointments to, and salaries and promotion of the academic staff, special consideration shall be given to the following: (1) teaching ability and performance; (2) research ability and achievement; and (3) ability and performance in continuing education, public service, committee work, and special assignments designed to promote the quality and effectiveness of academic programs and services.

f. Academic appointments requiring direct approval of the Board of Trustees include the President, University officers, deans, academic staff, the CEO of the University hospital, directors of intercollegiate athletics, head coaches for football and basketball. Board approval prior to the beginning date is required for all new administrative and faculty appointments.

Section 4. Principles Governing Employment of Academic and Administrative Staffs

The following principles shall govern the employment of the academic and administrative staffs of the University.

a. The academic staff which conducts the educational program shall consist of the teaching, research, scientific, counseling, and extension staffs; deans and directors of colleges, schools, institutes, and similar campus units; editors, librarians, and such other members of the staff as are designated by the president and the chancellors/vice presidents.

b. The members of the academic and administrative staffs shall be employed and salaries fixed by the Board of Trustees, except that members of the academic staff below the rank of assistant professor may be employed by the campuses. These appointments shall be reported to the board by the president, president of the University who shall report such appointments to the board.

c. Minimum salaries for the various ranks shall be determined each campus and accepted by the Board of Trustees. The minimum for eleven months’ service shall be approximately two-ninths greater than the minimum for the academic year.

d. The terms of employment for all members of the academic and administrative staffs shall be stated explicitly in the contract of employment.
e. The academic year shall consist of that period of the year so determined by the appropriate senate and approved by the appropriate chancellor/vice president, the president, and the Board of Trustees.

f. For University Administration employees, University Administration may adopt and administer policies and procedures in accordance with federal and state laws and university policies/statutes to apply consistent practices for University Administration employees across the three campuses and satellite offices.

Section 5. Services Rendered the University

a. No person employed on a full-time basis on the instructional or administrative staffs of the University shall be assigned any other university work which does not naturally come within the scope of that person’s duties and for which additional compensation is to be paid without the prior approval of the chancellor/vice president.

b. No person employed by the University shall have any interests incompatible with that person’s obligations to the University; unless those activities/interests are guided by other applicable University/Campus policies.

c. Full-time employees shall not receive compensation for services with the University in excess of a normal schedule except for a reasonable amount of instruction in continuing education and public service programs, or for the grading of special examinations (outside regular course work) stipulated by the University, or other specialized functions, all to be done at a time that does not conflict with other university duties and that are not within their home unit. Exceptions may be made to this rule in special cases which are approved by the dean or appropriate administrator of the college of which the employee is a member provided that if such additional payments exceed a nominal amount the advance approval of the appropriate administrator or chancellor/vice president shall be secured. These exceptions shall be held to a minimum.

d. The responsibilities to the University of full-time members of the academic staff are fulfilled by the performance appropriate to rank and terms of appointment of teaching, scholarly research, continuing education and public service, and committee work and special assignments. Such staff members may carry on some outside professional or business activities of an income-producing character so long as such activities are compatible and not in conflict with University interests. The head of the department of which the employee is a member should know and approve of these activities outside the University.

Section 6. Severe Sanctions Other Than Dismissal for Cause for Members of the Faculty

a. Severe sanctions other than dismissal for cause may be imposed on a member of the faculty, as defined in Article II, Section 3a(1) of the Statutes, provided that procedures on a campus adopted by the campus-chancellor/campus-vice president in consultation with that campus senate are followed.
president’s designee shall exercise the duties assigned to the President for academic staff who are members of campus units, and in all cases the process to be followed will be that of the campus on which the unit resides.

b. Campus procedures shall include, at a minimum,

1. A determination by the provost or equivalent campus officer, in consultation with a committee identified by the senate, that cause exists to initiate proceedings that may result in the imposition of serious sanctions,

2. Notice to the faculty member of the charges and initiation of the sanction proceedings,

3. Opportunity for a hearing before an elected committee specified by the senate,

4. Provision that a recommendation by the elected committee against sanction will be final,

5. The opportunity for the faculty member to file an appeal with the chancellor/vice president within 20 days following the provost's or equivalent officer’s decision to impose sanctions,

6. An appeal process encompassing both substantive and procedural objections, and

7. A process wherein the chancellor/vice president's decision on the merits of an appeal is final.

These campus procedures are the exclusive process for determining whether severe sanctions other than dismissal for cause may be imposed.

c. The campus procedures will be initiated only after discussions are held between the faculty member and appropriate administrative officers looking toward a mutual settlement. The initiation or pendency of proceedings under this Section 6 shall not be deemed to prevent or delay the University or any other person from pursuing any other remedy available to such person against the faculty member for conduct allegedly violating Section 6d below.

d. Adequate due cause for severe sanctions other than dismissal shall be restricted to actions clearly related to University activities and shall be limited to the following:

1. Engaging in professional misconduct in the performance of University duties or academic activities,

2. Neglecting or refusing to perform reasonable assigned academic duties,
Violating senate-approved campus or University regulations or policies related to conduct of academic duties,

Acting outside the appropriate exercise of University responsibilities so as willfully to physically harm, threaten physical harm to, harass or intimidate a visitor or a member of the University community with the effect of interfering with that person’s performance of University duties or academic activities,

Willfully damaging, destroying or misappropriating property owned by the University or any property used in connection with a University function or approved activity, or

Conviction in a court of law for a felony that is clearly related to the performance of University duties or academic activities.

Findings of fact made in prior proceedings under policies established by the president with the advice of the senates and University Senates Conference under procedures described in Article XIII, Section 8 of the Statutes shall be presumed to have been established subject to rebuttal on grounds inter alia of the thoroughness and fairness of the proceeding giving rise to them.

e. When misconduct is determined to have occurred, a severe sanction other than dismissal consists of suspension with or without salary (full or partial) for a period not to exceed one-half of the individual’s normal appointment period. During the suspension period, health and retirement benefits shall be maintained.

Section 7. Sabbatical Leaves and Unpaid Leaves of Absence for Members of the Faculty

a. On the recommendation of the head or chair of a department with the concurrence of the dean of the college or on recommendation of the dean or director of an independent campus unit and subject to approval by the chancellor/vice president, the president, and the Board of Trustees a member of the faculty who has the rank of professor, associate professor, or assistant professor and who has served the University for the periods indicated below on full-time appointment as an assistant professor or in higher rank since the faculty member’s original appointment or since the termination of that faculty member’s last leave on salary is eligible to apply for and may be granted a sabbatical leave of absence with pay for the purpose of study, research, or other pursuit, the object of which is to increase the faculty member’s usefulness to the University. The following options are available:

(1) After completion of eight appointment years of full-time service:

Two semesters at 2/3 salary

Or

One semester at full salary

(2) After completion of six appointment years of full-time service:
Two semesters at ½ salary  

Or  

One semester at full salary  

(3) After completion of three or four appointment years of full-time service, in cases where the interest of the department and the University would clearly be served thereby, and provided that granting of leave does not involve expense to the University in excess of the portion of salary which is released in consequence of taking such leave, the following options are available:  

After three years:  One semester at ½ salary  

After four years:  One semester at 2/3 salary  

(4) Faculty on “Y” (11 month) appointments may be granted sabbatical leaves, subject to the other general conditions of this section as follows:  After completion of nine years of full-time service, three-fourths of an appointment year at full pay; after completion of eight years of full-time service, one appointment year at two-thirds pay or two-thirds of an appointment year at full pay; after completion of six years of full-time service, one appointment year at half pay or one-half appointment year at full pay; after completion of four years, one-half appointment year at two-thirds pay; after completion of three years, one-half appointment year at half pay or one-fourth appointment year at full pay.  

b. In recommending a leave with pay according to any of the options provided above, it shall be understood by all recommending officers concerned that the department in which the applicant is teaching or working undertakes, so far as is practicable, to carry on during the applicant’s absence without increase in the departmental budget such part of the applicant’s work as the interests of the department and of the University require to be continued without interruption during the period of absence.  

c. Service credit for leave of absence with pay is not cumulative unless otherwise provided for in special cases.  Each person who has been on leave of absence shall on the termination of the leave make a report through the usual official channels of communication to the chancellor/vice president concerning the nature of the studies, research, or other work undertaken during the period of absence.  

d. A member of the faculty to whom any such leave of absence has been granted shall agree to return to the University on the expiration of the leave and to remain in its service for at least one year thereafter; and the University, on its part, shall agree to retain the faculty member in its service for the period of one year after the faculty member’s return.  

e. Leaves of absence granted in accordance with the foregoing terms and conditions, with the privileges pertaining thereto, are given to members of the faculty primarily for the purpose of enabling them to acquire additional knowledge and competency in their respective fields.  No one to whom a leave of absence with pay has been granted shall be permitted while on such leave to accept remunerative employment or engage in professional practice or work for pecuniary compensation is received.  This prohibition, however, shall not be construed to forbid a faculty member while on leave from giving a limited number of lectures or doing a limited amount of work.  But, in such cases, the approval of the chancellor/vice president to the
Nor shall the prohibition be interpreted to forbid the acceptance by a faculty member, while on leave, of a scholarship or fellowship carrying a stipend for the purpose of study, research, or scientific investigation or the acceptance of a grant of money made for such purposes, provided that the acceptance of the grant does not impose on the recipient duties and obligations the performance of which would be incompatible with the pursuit of the general purpose for which leaves of absence are granted.

f. The president shall establish regulations and procedures necessary for the administration of these provisions and is authorized to make appropriate adjustments in the terms of leave with pay to ensure equitable benefits for members of the faculty in exceptional cases where special consideration is warranted.
g. Leaves of absence without pay.—On the recommendation of the head or chair of a department with the concurrence of the dean of the college or on the recommendation of the dean or director of an independent campus unit, a member of the faculty may be granted a leave of absence without pay by the chancellor/vice president for a period of one year or less. Such a leave may be renewed in special circumstances ordinarily for not more than one year. As recommended and agreed upon in advance, time spent on a leave of absence without pay under circumstances which allow for the pursuit of academic activities ordinarily counts toward the probationary period of a faculty member on definite tenure, while time spent on a leave of absence without pay under circumstances which do not allow for the pursuit of academic activities does not ordinarily count toward the probationary period of a faculty member on definite tenure. As recommended and agreed upon in advance, time spent on a leave of absence without pay under circumstances which do not provide service to this University does not ordinarily count in establishing eligibility for a sabbatical leave with pay.

Section 8. Graduate Work of Academic Staff Members

No person shall be admitted to candidacy for an advanced degree in a department or division of the University who holds an appointment as professor, associate professor, or assistant professor in that department or division. Likewise, no person while engaged in graduate study shall be appointed to the rank of assistant professor or higher in the department or division of that graduate study.

A person in or accepting the rank of assistant professor or higher on a campus of the University may continue in or be admitted to advanced degree candidacy in a department or unit other than the person’s appointing department or unit upon the special approval of the executive officer of each department or unit involved and the executive committee of the Graduate College if one exists on the campus.

Rationale: Section (c) is modified to make it consistent with Article II, Section 3(a).

Section 9. Privileges of Retired Members of the Academic Staff

a. A retired staff member who is provided with research assistance shall at the end of each academic year report to the chancellor/vice president, in at least general terms, on the work accomplished during the year. In no case may a research assistant be provided to a retired staff member for a longer period than one year at a time and such assistant may be continued only if the annual report of work shows progress or promise.

b. With the approval of the department head or chair and of the dean of the Graduate College and of the chancellor/vice president, a retired faculty member may offer conferences with graduate students if such retiree had offered similarly related graduate courses before retirement.

c. Retired faculty members may participate in meetings of their college or school faculties, if provided for in the bylaws of the unit, but shall have no vote.
d. University policies and procedures related to rehiring SARS annuitants must be followed.

Section 10. Dismissal of Administrative Officers

a. In the exercise of its authority to dismiss or request the resignation of administrative officers (who are not eligible for notice rights) from their administrative positions, the Board of Trustees may take such action in respect to such officer prior to the expiration of the term for which the individual was appointed only after presentation by the board to the officer affected of a statement of the reasons accompanied by the facts in support thereof upon which the proposed action is based, together with notice served by registered mail of the time and place of the hearing thereon which shall be not less than 30 days after the date of notice. A copy of the statement and notice shall be sent by registered mail to each member of the Board of Trustees at least 30 days prior to the hearing.

b. The officer shall have the right to appear at the hearing, with counsel if desired, to comment on the reasons and to present evidence. The board shall not be bound by formal or technical rules of evidence and its decision shall be final.

c. In designating the effective date of dismissal or requested resignation, the board shall give due consideration to the time reasonably required for the adjustment of the officer’s personal affairs.

Note: the following changes are from HR to update current practice.

Section 11. Employment of Academic Professional Staff

a. For University Administration employees, University Administration may adopt and administer policies and procedures in accordance with federal and state laws and university policies/statutes to apply consistent practices for University Administration employees across the three campuses and satellite office.

a.b. Employment policies applicable to an academic professional employee at the university level shall be those of the campus at which the employee’s principal office is located.

a.b. Notice of nonreappointment to the full-time academic professional staff, as defined in Article II, Section 5, shall be given as follows:

1. Except as provided in 2 and 3 below, written notice of nonreappointment shall be given by the Board of Trustees to academic professional employees in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Length of Full-Time Service to the University (in full appointment years completed)</th>
<th>Minimum Notice of Nonreappointment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 4 years</td>
<td>6 Months</td>
</tr>
<tr>
<td>4 years or over</td>
<td>12 Months</td>
</tr>
</tbody>
</table>
2. Written notice of nonreappointment shall be given by the Board of Trustees to an academic professional employee on an appointment which notes that it is subject to receipt of funds in accordance with the following schedule:

For appointments made “subject to receipt of funds” (such as those from grants or contracts), the University reserves the right to terminate the appointment prior to the Period of Payment End Date if the grant(s) or other sources of funding for the position has ended. For such appointments, the University reserves the right to terminate the appointment prior to the Period of Payment End date if the grant or source of funds for the position becomes unavailable, and will provide prior notice, if applicable, in accordance with the notice periods set forth in Article IX of the University of Illinois Statutes.

For an academic professional employee who is entitled to notice of non-reappointment and whose position is supported by multiple sources of funds, calculation of minimum length of notice of non-reappointment will be based on the relevant funds for the portion of the appointment for which a notice of non-reappointment is issued, or on the predominant source of funds in the case of elimination of the position:

<table>
<thead>
<tr>
<th>Length of Full-Time Service to the University (in full appointment years completed)</th>
<th>Minimum Notice of Nonreappointment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 4 years</td>
<td>2 Months</td>
</tr>
<tr>
<td>4 years or over</td>
<td>6 Months</td>
</tr>
<tr>
<td>Plus 1 additional month for each additional full appointment years of service to a maximum of 12 months’ notice</td>
<td></td>
</tr>
<tr>
<td>10 years</td>
<td>12 Months</td>
</tr>
</tbody>
</table>

3. Written notice of nonreappointment shall be given by the Board of Trustees to an academic professional employee who is the director of intercollegiate athletics or a coach of an intercollegiate athletic team in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Length of Full-Time Service to the University (in full appointment years completed)</th>
<th>Minimum Notice of Nonreappointment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 4 years</td>
<td>3 Months</td>
</tr>
<tr>
<td>4 years or over</td>
<td>6 Months</td>
</tr>
</tbody>
</table>
4. In cases where the time remaining in the appointment year is less than the required minimum notice period, the notice of nonreappointment shall be accompanied by an offer from the Board of Trustees of a terminal contract for an additional appointment which will extend the current appointment through the period of minimum notice, viz., 2 months, 6 months or 7-12 months.

5. Computation of length of service will be on the basis of continuous employment in campus academic administrative and professional positions (or similar service at the University level for employees of the university administration).—On a case-by-case basis, credit may be given for all or part of their relevant experience in other University of Illinois position.

6. Excepted from the above provisions are the following administrative officers:—the President of the University; chancellors/vice presidents, other vice presidents, provosts or equivalent officers, and vice chancellors; the officers of the Board of Trustees who are University employees; other university officers; and the deans, directors, heads, and chairs of academic units.—Academic professional staff whose title includes “visiting,” “acting,” “interim,” or “adjunct” are also excepted from the above provisions.

Section 12. Dismissal of Academic Staff with Multi-Year Appointments Under Article X, Section 1(a), Paragraphs (6) and (7)

a. Members of the academic staff with multi-year appointments, as defined under Article X, Section 1(a), Paragraphs (6) and (7), of the Statutes, may be dismissed for cause prior to the conclusion of the multi-year appointment in accordance with campus procedures, which shall be adopted by each chancellor/vice president in consultation with the applicable campus senate.—In all cases, the chancellor/vice president or the chancellor/vice president's designee shall exercise the duties assigned to the president for academic staff who are members of campus units, and in all cases the process to be followed will be that of the campus on which the unit resides.

b. Campus procedures shall include, at a minimum, notice and opportunity for a hearing before the campus provost or equivalent officers or the provost's or equivalent officer’s designee.

c. Adequate cause for dismissal shall be limited to the following:

(1) Failing to perform contractual duties or related activities in a professional manner, whether from incompetence, neglect or willful refusal;
(2) Failing to follow all applicable campus or University regulations or policies, and all applicable laws related to the conduct of contractual duties;

(3) Acting outside the appropriate exercise of University responsibilities so as to willfully cause or threaten to cause physical harm to, harass or intimidate a visitor or a member of the University community;

(4) Willfully or negligently damaging, destroying or misappropriating property owned by the University or any property used in connection with a University function or approved activity; or

(5) Being convicted of or pleading guilty to a felony.

ARTICLE X. ACADEMIC FREEDOM AND TENURE

Section 1. Tenure of Academic Staff

a. Except under unusual circumstances evidenced by a special written agreement approved by the President of the University and the appointee, the tenure status for the academic ranks of professor, associate professor, and assistant professor shall be as provided in this section. The parts of Article X, Sections 1a and 1b, hereof relating to the probationary period or indefinite tenure do not apply to academic ranks other than those mentioned in the preceding sentence; nor to appointments at any rank which involve no salary or obligation to render services; nor to appointments for fifty percent (50%) or less of full-time service at ranks other than professor or associate professor; nor to appointments for less than seventy-five percent (75%) of full-time service during any period when the appointee is a candidate for a degree at this University.

In the case of academic staff positions authorized in Article IX, Sections 3c and 4a other than appointments at the rank of professor, associate professor, assistant professor, dean, director, department head, and department chair, appointments shall be for not longer than the terms specified in this Section. Contracts shall be renewable at the discretion of the hiring unit. Except as provided in Sections 7 and 8, below, notice of nonreappointment is not required. Dismissal prior to the end of the contract term shall be governed by Article IX, Section 12.

Each chancellor/vice president shall, with the advice and consent of the local campus senate, develop implementing procedures for multi-year contract appointments governed by this Section. Such implementing procedures shall include, at a minimum, (i) a binding ceiling, on a campus-wide basis, on the proportion of multi-year contract appointments to the sum of multi-year contract appointments and appointments that are tenured or earning probationary credit toward tenure; (ii) assignment of oversight responsibility to an appropriate campus senate committee; and (iii) the procedures for dismissal required under Article IX, Section 12(b), above.

(1) An appointment as professor or associate professor shall be for an indefinite term except that first appointments or temporary appointments may be made for shorter periods. An appointment at either of these ranks for fifty percent (50%) or less of full-time service shall
be for an indefinite term at the specified percentage except that such first appointments or
temporary appointments may be for definite terms.

(2) During the probationary period defined in Article X, Section 1b (1), an
appointment as assistant professor shall be for not more than two years.

(3) An appointment for an indefinite term may require full-time service or some
percentage of full-time service by the appointee. Completion of a probationary period shall
entitle the appointee to indefinite tenure status at the lowest percentage (more than 50%) of full-
time service counted toward completion of the probationary period. An appointee for an
indefinite term and the Board of Trustees may at any time agree in writing to increase or to
decrease the percentage of full-time service to be required of the appointee and the indefinite
tenure status shall then apply to the new percentage of full-time service. An agreement that a
full-time appointee for an indefinite term shall thereafter serve on a part-time basis shall specify
either (a) that the appointment for an indefinite term will thereafter relate solely to service on the
agreed part-time basis; or (b) that the appointee will return to full-time service for an indefinite
term on a specified date.

These agreements are subject to modification by written consent of the appointee and the
Board of Trustees. An appointee who has previously been on indefinite tenure status at this
University shall not be required to serve a probationary period in order to regain that status.

This subsection, 1a (3), does not apply to sabbatical leaves of absence or to leaves of
absence without pay.

(4) An academic staff appointment with the rank of clinical assistant, research
assistant, or teaching assistant shall be for not longer than one year and notice of
nonreappointment is not required. Appointments at these ranks may be conditional upon the
availability of funds if so specified in the notice of appointment.

(5) An appointment which includes in the title the term “visiting,” as authorized
in the first paragraph of Article IX, Section 3c, shall be for not longer than one year.

(6) An appointment which includes in the title the term “adjunct,” or “clinical,”
modifying the term “professor”, “associate professor” or “assistant professor,” as authorized in
the first paragraph of Article IX, Section 3c, or an appointment with the rank of lecturer or
instructor shall be for not longer than three years.

(7) An appointment with the rank of teaching associate, research associate,
clinical associate, or which includes in the title the term “research” modifying the term
“professor”, “associate professor” or “assistant professor,” as authorized in the first paragraph of
Article IX, Section 3c, shall be for not longer than three years. The duration of the appointment
shall be specified in the Notification of Appointment. Where no duration is specified,
appointment shall be for one year. Written notice of nonreappointment is required in the case of
full-time appointments at these ranks other than appointments that are for no more than one year,
nonsalaried, part-time, or conditional upon the receipt of nonappropriated funds (as specified in
the notice of appointment). The notice need not be accompanied by an offer of a terminal
contract if the notice is given not later than six months before the end of an annual appointment
or by March 1 in the case of an academic-year appointment. If notice of nonreappointment in
such cases is given later than six months before the end of an annual appointment or after March 1 in the case of an academic-year appointment, it shall be accompanied by an offer from the Board of Trustees of a terminal contract for one additional year of service.—In the case of multi-year contracts, notice, as described above, is required only in the final year of the contract.—If no notice is given before the end of an appointment that exceeded one year, the renewal appointment shall have a duration of one year.

(8) An appointment at the rank of any of the other special classes of academic staff authorized under Article IX, Sections 3c and 4a, shall be for not longer than one year and shall be governed by the conditions prescribed in the preceding subparagraph, 1a.

b. Upon the completion of a probationary period as hereafter defined, any reappointment shall be for an indefinite term, subject to the following:

(1) An appointee receiving a first contract for more than fifty percent (50%) of full-time service at this University as assistant professor enters a probationary period not to exceed seven academic years of service except when, by special written agreement between the appointee, the unit administrator and the chancellor/vice president, the appointee is granted a one-year interruption of the probationary period before the year in which a decision on the appointment to indefinite tenure is expected to be made. Ordinarily no more than two such interruptions will be granted.—Prior academic service at other academic (or equivalent) institutions may be counted up to a maximum of three years toward the fulfillment of the probationary period.—The amount of any such service counted may be negotiated as may other terms of the appointment and shall be stated in the first appointment contract, as provided for all contracts for definite terms in subparagraph 1b(5) below.—An initial appointment that begins after the eighth week of the academic year ordinarily does not count toward the probationary period of a faculty member on definite tenure nor does it ordinarily count as service in establishing eligibility for a sabbatical leave with pay, unless recommended and agreed upon in advance.

(2) No appointment at the rank of assistant professor shall be for an indefinite term.

(3) An appointee for a definite term shall be given in the sixth year of the probationary period either written notice offering appointment for an indefinite term or written notice of nonreappointment no later than August 15 at all three campuses.

(4) At any time except during the last year of the probationary period, an assistant professor on a definite-term appointment may be given written notice of nonreappointment.—Except in the case of an assistant professor who is in the first year of academic service at this University, (a) written notice of nonreappointment shall be given not less than twelve months before the expiration of the appointment; or (b) if given less than twelve months before the expiration of the appointment, written notice of nonreappointment shall be accompanied by an offer from the Board of Trustees of a terminal contract for one additional year of academic service.—In the case of an assistant professor on a definite-term appointment who is in the first year of academic service at this University, written notice of nonreappointment shall be given not later than March 1 and need not be accompanied by an offer of a terminal contract; if written notice of nonreappointment is given after March 1, it shall be accompanied by an offer from the Board of Trustees of a terminal contract for one additional year of service.
(5) The total amount of service counted toward completion of the probationary period, including both service at other institutions and prior service at this University, shall be stated in every contract for academic service for a definite term. In the event that an appointee for a definite term is not given notice of appointment for an indefinite term or notice of nonreappointment as required by subparagraph 1b (3) above, but instead is given notice of reappointment for a definite term beginning after or extending beyond the expiration of the probationary period, such reappointment shall be for a term extending to the end of the academic year following the academic year in which either (a) the Board of Trustees gives the appointee written notice of nonreappointment as specified above in subparagraph 1b(4), or (b) the appointee gives written notice to the dean or department head that the appointee is about to complete or has completed the probationary period and either is or will be entitled to have any reappointment be for an indefinite term.

(6) An appointment for a definite term does not carry any guarantee or implication that the Board of Trustees will renew the appointment even though the duties of the appointee may have been discharged satisfactorily. An appointment for a definite term, if accepted, must be accepted with this stipulation.

c. Tenure may be terminated by (1) honorable retirement; (2) acceptance of resignation; (3) dismissal for due cause.

d. Due cause for dismissal shall be deemed to exist only if (1) a faculty member has been grossly neglectful or grossly inefficient in the performance of the faculty member’s university duties and functions; or (2) with all due regard for the freedoms and protections provided for in Article X, Section 2, of these Statutes, a faculty member’s performance of university duties and functions or extramural conduct is found to demonstrate clearly and convincingly that the faculty member can no longer be relied upon to perform those university duties and functions in a manner consonant with professional standards of competence and responsibility; or (3) a faculty member has while employed by the University illegally advocated the overthrow of our constitutional form of government by force or violence.

e. Proceedings seeking the dismissal before the expiration of the term of appointment of an appointee to the academic staff who is on definite tenure or of an appointee to the academic staff who is on indefinite tenure shall comply with the procedures described in the following provisions of this section:

(1) Charges. When it shall appear to the president that cause for the dismissal of an appointee may exist, the president shall consult with the Faculty Advisory Committee. The president, after such consultation, shall determine whether dismissal proceedings should be instituted. Charges looking to dismissal shall be preferred by statement in writing by the president or the president’s designee and shall be filed with the clerk or secretary of the senate within thirty days after the consultation with the Faculty Advisory Committee. The statement shall be sufficiently specific reasonably to inform the appointee of the nature of the charges and enable the appointee to present a defense to them.

(2) Service. The clerk or secretary of the senate shall cause a copy of the statement of the charges and a copy of Article X, Sections 1 and 2, of the Statutes to be delivered to the appointee personally or mailed to the appointee’s last known post office address by
registered mail within five days after they have been filed with the clerk or secretary of the
senate.

(3) Request for Hearing. Within fifteen days after such service of a copy of
the statement of charges, the appointee may file with the clerk or secretary of the senate a request
for a hearing before the Committee on Academic Freedom and Tenure of the appropriate
campus; and within ten days after filing such request, the appointee shall file with the clerk or
secretary of the senate a detailed written answer to the statement of grounds for dismissal. The
clerk or secretary of the senate shall promptly transmit the statement of charges, the answer
thereto, and the request for a hearing to the chair of the Committee on Academic Freedom and
Tenure and copies of the answer and request for a hearing to the president.

(4) Notice of Hearing. Notice of the time and place of the hearing before the
Committee on Academic Freedom and Tenure, which hearing shall be not less than twenty days
after the filing of the appointee’s request, shall be delivered on the same date to the appointee
and the president, either personally or by registered mail. The date of the hearing shall be not
less than fifteen days from the date of such delivery or of such mailing of the notice of hearing.

(5) Hearing. At the time and place fixed, the Committee on Academic
Freedom and Tenure shall hold a closed hearing on the charges. No member of that committee
shall sit in a case that involves a colleague of that committee member’s department, school,
institute, or division, whichever represents the smallest administrative unit, nor shall a member
sit in a case if the member has previously acted on another committee while it considered the
pending matter. A majority of the members of the committee shall constitute a quorum for the
conduct of the hearing and the chair of the committee may appoint another member of the
committee to preside over the hearing. If vacancies occur, as many members as are necessary to
constitute a quorum shall be appointed in accordance with the bylaws of the appropriate senate.
Except as hereinbefore or hereinafter provided, the hearing shall be conducted according to such
rules as the committee may from time to time establish. The committee shall not be bound by
technical rules of evidence, but all findings, conclusions, and recommendations of the committee
shall be supported by and be in accord with substantial evidence. The appointee shall be entitled
to be present at all sessions of the committee when evidence is being received and to be
accompanied by an adviser of the appointee’s choice who may act as counsel. Likewise, the
president or the president’s designee, together with counsel if the president desires counsel, shall
be entitled to be present at all sessions of the committee when evidence is being received. Each
party shall have the right within reasonable limits to question witnesses and, when all the
evidence has been received, to make an argument in support of its position, either in person or by
counsel. A full stenographic transcript shall be made of the hearing unless both parties agree to
the making of a record in a briefer form.

(6) Findings, Conclusions, and Recommendations. Following the conclusion
of the hearing, the committee shall promptly make its explicit findings of fact on each charge, its
conclusions, and its recommendations. Reasonable opportunity shall be given to each party to
file a written statement setting forth objections to these findings, conclusions, and
recommendations and setting forth the grounds for such objections. A copy of one party’s
objections shall be given to the other party. The originals of the findings, conclusions, and
recommendations, and of the hearing transcript shall be forwarded by the committee to the
president and copies shall be promptly transmitted by the committee to the appointee.
If ultimately the appointee requests a hearing before the Board of Trustees, the originals or copies of the statement of charges filed by the president or the president’s designee with the clerk or secretary of the senate, the request for a hearing, the answer to the statement of charges, the notice of the time and place of hearing, the transcript or briefer record of the hearing, any exhibits received in evidence, the findings, conclusions, and recommendations of the committee, and any objections to such findings, conclusions, and recommendations shall constitute the record before the Committee on Academic Freedom and Tenure to be submitted to the board. The record shall be available to the Board of Trustees, to counsel for the appointee, and to counsel for the University, but shall not be available to other persons prior to the hearing before the board. If the committee recommends that charges be dropped and the president concurs, the case shall be considered closed.

(7) Hearing by Board of Trustees. Within thirty days after transmittal of the findings, conclusions, and recommendations of the Committee on Academic Freedom and Tenure, or if the appointee filed no request for a hearing before that committee within fifteen days after the expiration of the period specified in subparagraph 1e(3) for the filing of such a request, the president may cause the charges to be filed with the Secretary of the Board of Trustees along with the findings, conclusions, and recommendations, if any, of the Committee on Academic Freedom and Tenure and the record of the hearing before the committee, if one was held. Notice of such filing of charges shall be delivered to the appointee personally or shall be mailed to the appointee by the Secretary of the Board of Trustees by registered mail within five days after such filing. Within ten days after such delivery or mailing of notice of the filing of the charges with the Secretary of the Board of Trustees, the appointee may file with the Secretary of the board a written request for a hearing before the Board of Trustees. Notice of the time and place of the hearing which hearing shall be not less than twenty days after the date of the filing of the appointee’s request shall be delivered to the appointee personally or mailed to the appointee by registered mail. The date of the hearing shall be not less than fifteen days from the date of such delivery or mailing of the notice of hearing to the appointee. The appointee shall have the right to appear at the hearing, with counsel if desired, to reply to the charges and to present evidence. Counsel for the University shall represent the university administration at the hearing and shall have the right to present evidence in support of the charges. The board shall not be bound by technical rules of evidence in hearing and deciding the case.

The board will give due consideration to the findings, conclusions, and recommendations of the Committee on Academic Freedom and Tenure, and the remainder of the record relevant to the charges before said committee, and in all cases where a report was made by the committee will invite a member of the committee designated by its chair to attend the hearing and make a statement before the board.

If the board concludes that the appointee should be dismissed or asked to resign, the effective date of such dismissal or resignation shall not be less than one year from the date of the board’s decision unless the board, in its discretion, determines that an earlier effective date is justified by the gravity of the appointee’s conduct in question.

(8) Reassignment of Duties. Under exceptional circumstances and when such action is clearly necessary and justified, the president may direct that a faculty member be relieved of some or all of the faculty member’s university duties and functions and reassigned to others without prejudice and without loss of compensation pending the final decision of the case, subject to the following provisions: (a) the president may reassign duties before the filing of
any charges only after giving notice to the chair or in the absence of the chair from the
University to some member of the Faculty Advisory Committee that the president believes that
cause for dismissal may exist; (b) if the president reassigns duties after so giving notice to the
chair or some member of the Faculty Advisory Committee, such reassignment shall terminate
within thirty days after that committee has made its recommendations to the president unless the
president initiates dismissal proceedings by the filing of charges for dismissal within that thirty-
day period; and (c) if the president initiates dismissal proceedings by filing charges for dismissal,
the president may reassign duties or extend a previous reassignment of duties until the
termination of those proceedings or until the effective day of dismissal if the proceedings should
result in dismissal.

(9)  Publicity.— So far as possible public statements about a case under
consideration should be avoided until completion of the proceedings.

Section 2.  Academic Freedom

a.  It is the policy of the University to maintain and encourage full freedom within the
law of inquiry, discourse, teaching, research, and publication and to protect any member of the
academic staff against influences, from within or without the University, which would restrict
the member’s exercise of these freedoms in the member’s area of scholarly interest.— The right to
the protection of the University shall not, however, include any right to the services of the
university counsel or the counsel’s assistants in any governmental or judicial proceedings in
which the academic freedom of the staff member may be in issue.

b.  As a citizen, a faculty member may exercise the same freedoms as other citizens
without institutional censorship or discipline.— A faculty member should be mindful, however,
that accuracy, forthrightness, and dignity befit association with the University and a person of
learning and that the public may judge that person’s profession and the University by the
individual’s conduct and utterances.

c.  If, in the president’s judgment, a faculty member exercises freedom of expression
as a citizen and fails to heed the admonitions of Article X, Section 2b, the president may publicly
disassociate the Board of Trustees and the University from and express their disapproval of such
objectionable expressions.

d.  A staff member who believes that he or she does not enjoy the academic freedom
which it is the policy of the University to maintain and encourage shall be entitled to a hearing
on written request before the Committee on Academic Freedom and Tenure of the appropriate
campus senate.— Such hearing shall be conducted in accordance with established rules of
procedure.— The committee shall make findings of facts and recommendations to the president
and, at its discretion, may make an appropriate report to the senate.— The several committees
may from time to time establish their own rules of procedure.

ARTICLE XI.  STUDENT AFFAIRS AND DISCIPLINE
Section 1. Student Affairs

a. The senates shall be responsible for the development of appropriate recommendations regarding policies on student affairs at their respective campuses. Each senate shall ensure the opportunity for substantial student involvement in the development of these recommendations.

b. Upon recommendation of the chancellor/vice president and with the concurrence of the president, the Board of Trustees may appoint annually a vice chancellor or other officer who shall have general supervision over those services provided on that campus to assist students in their personal and social development. The responsibility and authority of this officer shall be determined by the chancellor/vice president. On the occasion of each appointment of any such officer, the chancellor/vice president shall seek the advice of the executive committee of the campus senate. The executive committee shall ensure the opportunity for substantial student involvement in the development of its advice.

c. Under the general supervision of the officer provided for in Section 1b above, the Graduate College, the College of Law, the College of Veterinary Medicine, the College of Medicine, and other colleges comprising post-baccalaureate students shall be responsible respectively for the supervision of student affairs excluding discipline in those colleges.

Section 2. Student Discipline

a. Each senate shall establish a committee or other body concerned with student discipline. This body may appoint one or more subcommittees on which unless the senate determines otherwise there shall be voting student representatives. These subcommittees shall have original jurisdiction to hear and render decisions in all disciplinary cases unless the body determines to exercise original jurisdiction. The decision of a subcommittee not appealed to the body shall be final. The body shall hear and take action for the senate in cases in which it exercises original jurisdiction and in cases appealed to it from its subcommittees. The body shall formulate and adopt after consultation with the legal counsel disciplinary and hearing procedures which shall be followed in all undergraduate student disciplinary proceedings. In hearing and deciding any appeal, this body may conduct a hearing de novo or may act solely upon the record in the case before the subcommittee as the body, in its discretion, may determine.

b. Discipline for students enrolled in graduate and graduate-professional colleges shall be administered by this body which, after consulting the dean of the college concerned, shall appoint a subcommittee on discipline for the students enrolled in that college. These subcommittees are to act in accordance with the provisions of Article XI, Section 2a.

c. In disciplinary proceedings stemming from group infractions involving more than one category of student (undergraduate, graduate, professional), the hearing and review bodies as well as the procedures employed shall be common to all categories of students involved.
ARTICLE XII. RESEARCH AND PUBLICATION

Rationale: This revision maintains the provision for ample consultation, but leaves the number of members to the campus.

Section 1. Campus Research Board

Each campus shall maintain a Campus Research Board, whose functions shall include: (1) making recommendations concerning policies for distribution of research board funds; (2) making assignments of research board funds to individual and group research projects; (3) advising the chancellor/vice president and the vice chancellor responsible for research on any other matters submitted to the board. The members of the Campus Research Board shall be appointed by the chancellor/vice-president after consultation with the vice chancellor responsible for research, the executive committee of that campus’s senate, and, on campuses with graduate colleges, the dean of the graduate college.

a. The Campus Research Board shall consist of eight to twelve members appointed by the chancellor/vice president after consultation with the vice chancellor responsible for research, the dean of the graduate college, and with the leadership of that campus’s senate. The vice chancellor responsible for research shall chair the committee. The appointment process to and membership on the Campus Research Board may differ in campuses without a graduate college.

b. The functions of the board include: (1) making recommendations concerning policies for distribution of research board funds; (2) making assignments of research board funds to individual and group research projects; (3) advising the chancellor/vice president and the vice chancellor responsible for research on any other matters submitted to the board.

Section 2. Sponsored Research, Gifts, and Grants

a. It is the policy of the University to encourage research on the part of all persons and groups within the several faculties. Such encouragement includes the endorsement and support of acceptable proposals for outside contracts or grants by sponsoring external agencies and groups.

b. Such outside support must be integrated with the regular educational and research functions of the University. The acceptance of contracts or grants involves substantial indirect costs, physical plant operating costs, and the use of departmental, college, and general university facilities. Funds to meet these indirect costs must be provided either by the sponsors, special arrangement, or by tax funds. In the latter case, because such activities come into direct competition for funds with other interests within the University, careful consideration shall be given the acceptance of such contracts.

Section 3. Patents on Inventions
The results of research or development carried on at the University by any of its faculty, employees, students, or other users of its facilities and having the expenses thereof paid from university funds or from funds under the control of the University, belong to the University and are to be used and controlled in ways to produce the greatest benefit to the University and to the public.

An inventor whose discovery or invention is subject to the conditions of the previous paragraph is required to disclose the discovery or invention to the University and may be required to patent the discovery or invention and to assign the patent to the University, the expenses connected therewith to be borne by the University.

This section shall not apply to questions of ownership of inventions made by members of the staff outside of their regular duties and without the use of university funds or funds under the control of the University and without the use of university facilities.

Section 4. Scientific and Scholarly Publications and Creative Work

It is the policy of the University to foster the publication of scientific and scholarly periodicals which are edited, published, and subsidized by the University. Authors and artists who are members of the academic ranks recognized in Article IX, Section 3, may copyright their works except works specifically commissioned by the University in writing and works prepared under terms of a university grant or contract which provides otherwise. The General Rules Concerning University Organization and Procedure shall contain rules and regulations regarding intellectual property.

Section 5. Rules about Research, Patents, and Publications

The General Rules Concerning University Organization and Procedure shall contain rules and regulations governing patents, copyrightable works, recordings, sponsored periodicals, and the acceptance of contracts, gifts, and grants for research, and the procedures to be followed.

Proposed changes in The General Rules related to patents, copyrightable works, or recordings shall be sent to the University Senates Conference which shall move as expeditiously as practicable and, if necessary, reconcile the views of the senates and advise the president and through the president the Board of Trustees before such a rule change is adopted.

ARTICLE XIII. GENERAL PROVISIONS

Section 1. Exchange Professors
On the recommendation of the head or the chair of a department and with the approval of
the dean, the chancellor/vice president, the president, and the Board of Trustees, a professor,
associate professor, or assistant professor may be permitted for a period of not more than one
year to exchange positions with a professor of approximately equal rank in another university
provided the arrangement does not involve substantial increase in the cost of instruction. The
professor with whom the exchange is made shall during the period of service to this University
be subject to the rules governing appointments and conditions of service applicable to regular
members of the faculty.

Section 2. Privileges for Scholars from Other Universities

The chancellors/vice presidents of the University may extend the privilege of working
without charge in the various laboratories or libraries of the respective campus to members of the
faculties of other colleges or universities, provided that they are recognized as authorities in their
respective fields and come to the campus with written credentials from the faculties of their
institutions or from their governments asking that they be received as guests.

Section 3. Annual Reports

On or before the first day of September in each year, each dean and director and the chief
executive officer of each department or equivalent unit on each campus shall make to the
chancellor/vice president an annual report, treating fully the work of the college, school,
institute, division, or department. Any of these officers may make reports or advance
suggestions at any time and shall report to the chancellor/vice president and to the president
whenever requested to do so. Officers of the university-level administration and
chancellors/vice presidents shall make such reports as the president shall require.

Section 4. Reports and Communications

a. Members of the academic staff have the obligation to respond to requests for
information from the Board of Trustees and from administrators to whom they have
responsibilities. Ordinarily, intermediary administrators should be made aware of these
requests. Unless the requestor has directed otherwise, a written response shall be transmitted
through and by the intermediary administrators so that they may be properly informed and may
comment. If the response contains recommendations, the staff member shall be informed of all
comments with respect thereto and may append additional comments to the recommendations.

b. Academic staff may initiate direct communication with any member of the
administration. Ordinarily, intermediary administrators shall be kept informed about such
communications so that they may be properly informed and may comment. Whenever
appropriate, the academic staff member shall be informed of all comments and may respond to
them.

c. Proposals which originate from academic units, as enumerated in Article VIII, shall
be promptly considered and transmitted to the final authority through and by appropriate
intermediaries. — Academic units affected by the proposal shall be kept informed of comments, revisions, and recommendations by intermediary authorities so that they may respond to them.

d. All communications from members of the staff to be presented as part of the agenda at a meeting of the Board of Trustees or transmitted to the Board of Trustees or any committee thereof shall first be presented to the chancellor/vice president where appropriate and to the president for their examination, comment, and recommendation. — Whenever appropriate, the staff member shall be informed of all such reactions and may respond to them.

Section 5. Rules of Procedure

Unless otherwise specified by a deliberative body of the University, the latest revision of Robert’s Rules of Order shall govern.

Section 6. Recommendations of Committees and Councils

Whenever these Statutes provide for the advice or recommendations of a committee or council as a basis for or aid to officer or agency decision, the advice or recommendation shall be secured only through a meeting of the committee or council duly convened in group session.

Section 7. Reservation of Powers

The Board of Trustees is charged by law with full responsibility for administering the University. — Although the board may properly delegate authority to its duly designated officers and agencies, as indeed it has done since the establishment of the University in practical recognition of its own limitations to determine and resolve, in the first instance, complex and continuing problems of internal organization and educational policy, it cannot divest itself of the ultimate responsibility, imposed upon it by law, of governance of the University. — Accordingly, the board expressly reserves to itself the power to act on its own initiative in all matters affecting the University, notwithstanding that such action may be in conflict or may not be in conformance with the provisions of these Statutes. — However, the board will not so act upon its own initiative in any case in which senate participation and recommendation is provided for by these Statutes until it has first sought the advice and recommendation of the appropriate senate, or senates, the University Senates Conference and the president.

Section 8. Amendments

a. Initiation by a Senate. — Each of the senates by vote of a majority of all members present and voting at a regular or special meeting may propose amendments to these Statutes. No final senate action shall be taken on a proposed amendment until the next meeting following the one at which it was introduced. — The secretary of a senate shall notify the secretary of the other senates and the secretary of the University Senates Conference of the text of a proposed amendment promptly after the meeting at which it is introduced. — The proposed amendment shall be referred to the University Senates Conference for its consideration and transmission to the other senates for action; the conference may append its comments and recommendations.
The proposed amendment shall be placed promptly on the agenda of the other senates. If every senate acts affirmatively on the proposed amendment and concurs as to its text, the conference shall send the proposed amendment to the president for transmission to the Board of Trustees and shall simultaneously notify the senates of its action; the conference may append its comments. If the senates do not agree as to the proposed amendment, the conference shall endeavor to promote agreement of the senates. Where agreement cannot be effected among all the senates within a reasonable period of time, but the text of a proposed amendment has been agreed upon by all but one of the senates, the conference shall send that proposed amendment, the recommendations of the dissenting senate, and its own recommendations to the president for transmission to the Board of Trustees and shall simultaneously notify the senates of its action. A senate may record and send its further comments to the president for transmission to the Board of Trustees.

b. **Initiation by the Board of Trustees.** The Board of Trustees may initiate proposals to amend the Statutes, but the board shall not finally adopt any such proposal without first seeking the advice of the president, the senates, and the University Senates Conference. Any proposal to amend the Statutes which is initiated by the Board of Trustees shall be transmitted through the president to the University Senates Conference and transmitted by the conference, with its recommendations, to the senates for consideration and advice. The proposed amendment shall be placed promptly on the agenda of each of the senates. If the senates do not agree in their advice concerning the proposed amendment, the conference shall endeavor to promote agreement; where agreement cannot be achieved within a reasonable period of time, the conference shall send the advice of the senates and its own recommendations to the president for transmission to the Board of Trustees and shall simultaneously notify the senates of its action. A senate may record and send its further comments to the president for transmission to the Board of Trustees.

c. An amendment shall become effective when approved by the Board of Trustees or at such later time as the board may specify.
