Professor Catherine Vincent, Chair
UIC Senate Executive Committee
Dept. of Women, Child, and Family Health Sci
854 NURS MC 802

Dear Senate Colleagues,

On October 12, you were sent the *University of Illinois Nondiscrimination Statement* with proposed revisions. Since the statement is part of the *Statutes*, action by your senate was requested. The document brings the *Nondiscrimination Statement* into compliance with changes in federal and state law.

On October 28, the UIC Senate approved the revisions to the statement. On December 11, the UIS Senate approved the revisions but also provided advice, which is enclosed. On March 7, the UIUC Senate approved additional edits to the proposed revised statement. The UIUC Senate action, which is enclosed, also includes a "Statement of Position," which the senate approved at its February 8 meeting.

Please take the revised language from the UIUC Senate back to your senate for action and also consider the senate's statement of position. The concerns raised by the UIS Senate are addressed in the revised language of the UIUC Senate document.

Sincerely,

Nicholas C. Burbules, Chair
University Senates Conference
