The S&G committee reviewed the progress of ST-77 and GR-46 through the university senates.

We discussed the ST proposal from UIC on adding “teaching” to modified faculty titles. This is already part of ST-83, to be submitted next year.

We discussed the upcoming revision to ST-84, coming from the Urbana Senate.

We also discussed whether to review the usage of the term “academic staff” in the Statutes. We decided to conduct this review at our next meeting.
